

SECOP PRODUCT SELECTOR

SECOP

Functions of the SECOP Product Selector – Application Search Level 1:

- Set one or more filters for **Voltage, Refrigerant, Application, Motor** to get a selection of possible hits quickly.
- Or type in the first letters of the compressor designation to display a table of compressors matching with your input (or code number).

For more technical information:

- When you find an interesting compressor, simply click on its code number to open **Application search Level 2** which gives you a quick overview about variants of this model and some more technical data.
- Click on the pdf-symbol on the right border of the data line to open the compressor data sheet.

Worksheet functions:

Click on the filter icon to start sorting of the table.

Move over the filter icon to open the filter dialogue and set the filter.

Click on the pdf icon to open the datasheet.

Click and hold middle mouse button to move table horizontally and vertically.

Functions of the SECOP Product Selector – Performance Search Level 1:

- Set one or more filters for **Motor, Refrigerant, or Application** to get a selection of possible hits quickly.
- Appliance-guided compressor search:
 - select application area in the pull down dialogue in the top right corner
 - set filter (→ yes) to the desired application type listed up in right area of the table (move the table if needed: keep middle mouse button pushed while moving mouse to left or right)
 - set more filters to **Refrigerant, Motor and Voltage** to further specializing of the results
- Performance-guided compressor search:
 - select physical units and operation condition of the performance data (dialogue in top left corner)
 - type in ranges of cooling capacity or acceptable efficiency into performance filters
 - click on filter icon to sort the table (capacity or efficiency)
- Model-focused search: Type in the first letters of the compressor designation to show a table compressors matching with your input (or code number).

For more technical information:

- When you found an interesting compressor simply click on its **Designation** to open **Performance search Level 2** which gives you a fast overview about most important technical data.
- Click on the pdf symbol on the right border of the data-line to open the compressor data sheet.

Worksheet functions:

Click on the filter icon to start sorting of the table.

Move over the filter icon to open the filter dialogue and set the filter.

Click on the pdf icon to open the datasheet.

Click and hold middle mouse button to move table horizontally and vertically.

Move over the filter icon to set the filter range
